

To,

The Sub Collector, Boudh & Returning Officer
86, Boudh Assembly Constituency

Sub – Observation of the Expenditure Observer on the third inspection
on the candidate's expenditure on Dt. 14.04.2019

Ref – Your office letter No 1740 Dt.14.04.2019

Sir,

In pursuance of your notice cited above I beg the following
particulars as our show cause to the said observation.

Dt.11.04. 19

Signature
Item No - 1 – With regard to our colored posters the papers use are
of inferior quality equivalent to news print which is grossly cheap. It is
not printed in bond paper/oil paper or in the costly variety. The
receipt granted by the press, where it is printed out will speak the real
cost of the paper. It would be exorbitant to access the poster with an
enormous amount, ^{which} is contrary to the present market value.

In this regard, I beg to appraise the learned Expenditure
Observer towards the cost imposed to our counterpart BJD candidate
is far less than the market value. The said posters are better in quality
and are larger in size. So equitable consideration be made to us.

Hence it is ^{prayed} ~~praise~~ that the rate imposed on us be favorably
considered and obliged.

Yours faithfully

S. Dalal
15.4.19
