Rajahmundry Rural -- 51

Respected Madam,

This is in reply to your notice dated 04-04-2019 against me for not booking the Rs 87,750-00 an amount was booked by the Shadow Observer Register by the department.

That it is alleged that my party followers have used bikes with my party flags and stickers and the election expenditure auditor have booked 200 bikes at the Rate of 300/- per bike which is exorbitant and the rate which is supplied and notified was exorbitant as there are no such rate in the market for hiring a bike the department have not considered the actual rates which were prevailing as on today. The notified rate by the department was five times higher than the actual prevailing rate for hiring a bike.

I humbly submit that even the corporate firms like OLA and RAPIDO are providing services at the rate of Rs 5-00 per kilometer which is inclusive of all oil, rider and vehicle charge even hope to have charges for day would not exceed Rs 150/- and the there no rate of hire on daily basis and we are unable to understand on what basis the rate of RS 300/- per day was notified.

I humbly request you also see that our Parliament Candidate who was advertised along with me and some of the workers which belongs to the rally of him and the total amount to be appropriated with him and me.

I humbly request you to re-consider the notified rate of RS 300/- per bike which is five times higher than the rate which was being charged even by a regular transport companies.

I hope you will consider my request and revise the rate and appropriate the booked bikes with my parliament candidate and my own.

Thanking you,

Akula Veerraju
Yours Sincerely,
